## HVORFOR?

"Blue Beret" har i denne uge spurgt 6 vagtposter, hvoraf 3 skal blive på Cypern og 3 skal hjem, om grunden til at de henholdsvis bliver her eller tager hjem.

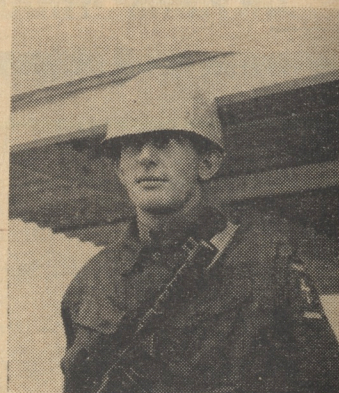

KS 706965 K. Ludvigsen på vagt på Keo-posten ved indkørslen til KIH: "Jeg søger simpelthen hjem, fordi jeg er træt af at være her. Vi har det godt og har megen frihed, men efter min mening er der ikke så mange muligheder for at dyrke sin hobby her. Grunden er måske, at min hobby er musik, men det skulle da ikke gøre nogen forskel. Min oprindelige årsag til at søge til Cypern var, at jeg ville spare lidt penge sammen til at studere for".

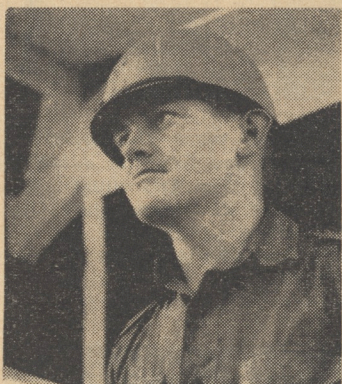

KS 718447 O. Fuglsang fra STKMP på vagt ved indkørslen til Nicosia Club: "Hvorfor tager jeg hjem? For det første har jeg været her i 6 måneder, og det er nok for mig. Ikke fordi jeg er træt af at være her rent tjenstligt, men det er simpelthen Cypern i det hele taget, jeg er træt af. Endvidere synes jeg, der sker for lidt af det, jeg troede, vi var kommet herved for at klare".

KS 372219 E.H. Christensen på vagt ved indkørslen til Bravo: "Jeg har været i Gaza på hold XX og XXI og her på Cypern i 10 måneder, så jeg kan ikke få mere tjeneste. Hvis jeg nu kun havde haft 1 års tjeneste, havde jeg heller ikke søgt igen, for efter min mening der for megen vagttjeneste".

KS 526465 B. Helboe på vagt på tagpost Nord i Alfa udtaler: "Jeg har været vagtsoldat her i 6 måneder og tager 6 mere. Hvorfor jeg bliver, ved jeg faktisk ikke, men pengene trækker jo en del, og desuden er vinteren også kedelig at komme hjem til".

KS 661290 O.T. Olsen på vagt ved indkørslen til Fort Worthington: "Det hele startede med, at vi var 3 mand, der skulle til Amerika, og for at være sikker på at undgå værnepligt der, ville vi blive i det danske forsvar i 18 måneder. Det var nu kun mig, der kom til Cypern, og jeg har været her i 14 måneder. Det var faktisk min mening at tage hjem til NOV, fordi jeg havde fået arbejde i England, men det blev ikke rigtig til noget alligevel".

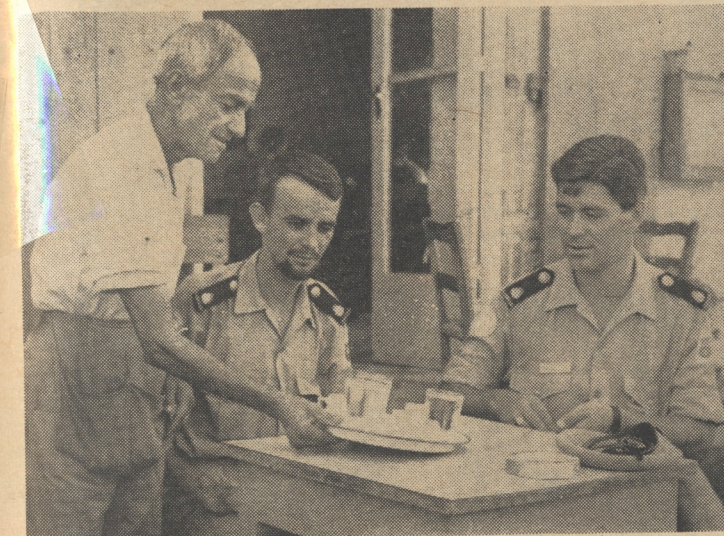

KS 651257 B. Clausen på vagt på post 6 ved Bravos KSN siger: "Jeg har nu til NOV været her i 6 måneder og set og oplevet det, jeg kom herved efter, så det halve år, jeg tager mere, er kun for pengenes skyld".

## DE SKUFFEDE - TAENK SELV!

Husk, at hvis man skuffes over noget, er det ens egen skyld. Tingene er, som de er - og hele tiden har været. Det er kun en selv, der har forestillet sig forholdene anderledes!

Civpol i arbejde "på fältet". Medan Kurt Enoksson, Norrköping, i bilen håller motorn varm, anropar civpolchefen Torsten Lindberg, Stockholm, sitt HQ.....

## WANTED !

Dessa fyra individer har vid upprepade tillfällen varit synliga på zonstaben, där deras gärningar lär vara anseliga. Den som kan lämna upplysningar om vad som döljer sig bakom de misstänkta läpprydnaderna torde vara en belöning värd.

...och där tar Kurt Hildingsson, Kristianstad, emot uppgiften.

## SWEDCIVPOL

38 svenskar i cyperntjänst  
för lag och ordning

Svenska civila polisen - en viktig del av den svenska FN-kontingenten på Cypern. Polisiära uppgifter av många gånger annat slag än hemma i Sverige möter fyrtio-talet civilpoliser under poliskommissarie Torsten Lindbergs ledning.

Det kan gälla att leda hem en vilsekommen åsna till dess ägare, det kan röra olyckor, stölder, gränsvister jordägare emellan, etc. med följande utredningsarbete. Men med sitt goda humör klarar Swedcivpol det mesta!

God kontakt med bybefolkningen är ofta till god hjälp i cyperntjänsten - och då kan man ju gärna passa på att läska sig lite, tycker Stig Hagström, Kiruna, och Börje Nilsson, Bengtsfors. (TV)

I mörkrummet tar Kurt Mellbris, Hälsingborg, fram bilder från utryckningar och patrullturer.

### A VISIT TO THE ORDNANCE DEPOT HQ UNFICYP

To keep the United Nations Force in Cyprus functioning effectively, an efficient stores backing is required so our roving camera paid a visit to the Ordnance Depot UNFICYP. It is perhaps not appreciated how great is the range of stores obtained via the Ordnance and apart from the everyday stores such as tyres, barbed wire, torch batteries, disinfectant and a huge variety of items, they also provide a mobile bath unit which regularly visits locations where bathing facilities are not available. Although small in number, the staff are well organised and the task of supplying the Force continues smoothly.

Is it the right type? — Pte Derek Pittaway from Perrinport examines a distributor before issuing it to a fitter. Derek works in the stores section of the REME workshop in UNFICYP.

### A VISIT TO REME WORKSHOPS

Just down the road from the Ord Depot is the Force REME Workshops so our roving camera decided to pop in. The workshops are responsible for all 1st and 2nd line repairs for all British equipment used by the Force, including radio equipment.

A peep at a wall chart revealed that 135 vehicles had been in for repair and out of the workshop during the previous month.

Making the sparks fly Cfn Jeff Beaufoy is seen welding together a tyre cage. Jeff comes from Waterbeach near Cambridge.

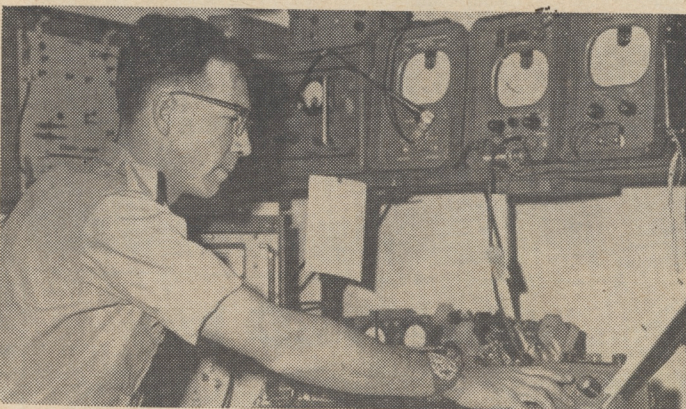

←  
→  
Lcpl Raymond Jago is seen skimming up a brake drum which was badly out of true. Lcpl Jago who comes from Oldham is a fitter turner and works in the Automotive repair shop.

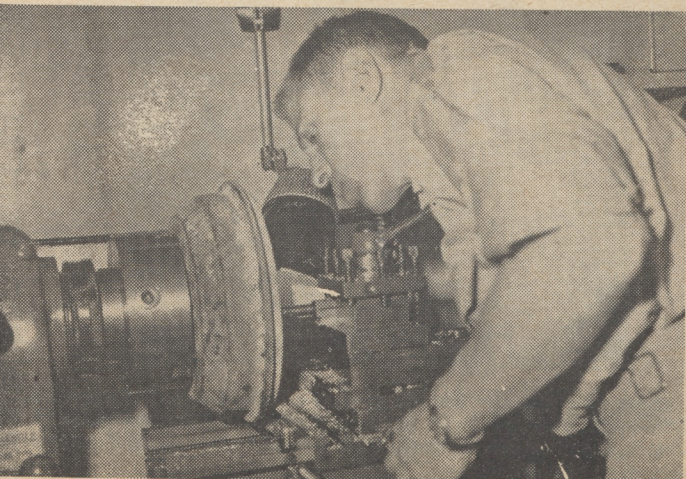

A change of "Chiefs" — Sgt Frank Catterall RAO, Chief Clerk of the Depot explains a problem to his relief Sgt Brian Taylor who arrived recently from CVD Ashchurch. Sgt Catterall is posted to COD Chillwell.

Issuing out the month's supplies — Lcpl Geoffrey Bannister from Newport produces the goods while the Irish Cpl checks the items on the issue voucher.

Working on a C42 Transceiver is WO II Fred Tomlinson who is in charge of the Tels workshop. A founder member of the Tels department, WOII Tomlinson first started working with the force in December 1963 when the workshop was in the main hanger.

# LEIPÄÄ JA SIRKUSHUVEJA

Menneellä viikolla ansaittiin taas leipäämme, muun muassa ensimmäisessä komppaniassa pyöräilemällä. Samalla voi myös toivoa kunnan kohentuneen. Jos ei kuitenkaan kerralla, niin ehkä muutamalla...

Työn lomaan mahtuu kuitenkin myös piristäviä hetkiä. Tällainen koettiin yhdessäollessa viime viikon maanantaina, kun Esikuntakomppaniassa kisailtiin komppaniailan merkeissä. Homma kävi ja tunnelmat pyyhkivät kattoa, joku kai aina joukkueitten välisissä kilpailuissa voittikin...

Myös pistoolia vedettiin kilpaa viime viikolla. Ampumaradan tuntumassa saaduista tuloksista ei kuitenkaan vielä tällä kierroksella sanota mitään....

Suomalaisjääkärit polkupyörämarssilla, kuinkas muuten kun ilmatkin viilenevät. Kumnon kohentamista kelaamisen avulla kokeili tällä kertaa 1 JK oman kontingentin alueella pyöräillessään.

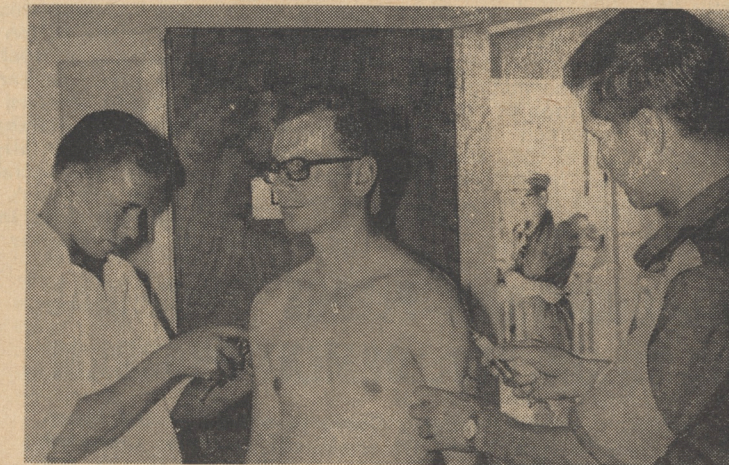

## FINCON NEWS

Lähtökatselmus oli Myllyllä ennen marssin alkua. Varustuksen kunto tarkastettiin siellä, kun taas miesten kunto nähtiin vasta hetkistä myöhemmin.

Tässä tutkitaan kokeellisesti nesteen virtaamisnopeutta, missäs muualla kuin EK:n komppania-illassa. Leikissä mukana vasemmalta KrhJ:n edustaja jääk Niemelä, valvojana lt Berggren sekä jääk Kunnari TiedJ:sta.

Uusille miehille on aina varattu jotain erikoista; tässä itä saadaan taas joitakin pasiliskoja vastaan piikit, vastaanottavalla puolella ylik Hämäläinen ja anteliaina jakajina ylik Hintikka sekä yliv Koskinen.

Tunnelmaa EK:sta: kilpailu kireimmillään komppanian joukkueitten kesken. Pystyssä jääkärit Mäkinen, Laurila ja Yli-Patola, kun taas matalalennossa ovat jääkärit Heinämäki ja Koljonen.

## UN ASSEMBLY CONCLUDES GENERAL DEBATE

THE UN General Assembly last week wound up its initial survey of world affairs with the war in Viet-Nam, the Arab-Israeli conflict, colonialism in Southern Africa, and the plight of poor nations, among the issues causing the greatest concern to United Nations members. A total of 113 countries participated in the debate.

Difference in the approaches to the Viet-Nam conflict were high-lighted in statements made last week by several countries particularly concerned with events in the region. Cambodia charged the United Nations was committing "genocide" against the Viet-Nameese people. On the other hand, Australia said that it had dispatched troops to South Viet-Nam to help her resist patent aggression from the North.

On Cyprus, the Foreign Minister of Cyprus, Mr. Spyros Kyprianou, said that the situation in the island had been, on the whole, quiet, despite occasional incidents. His Government, in cooperation, with the UN peace-keeping force, had been doing its utmost to reduce tension and to bring about a return to normality.

The basic position of his Government remained unchanged: the future of Cyprus must be determined in accordance with the wishes of the people of Cyprus, declared the Foreign Minister of Cyprus.

## LIONS MARK UN DAY

The Lions Club of Nicosia opened 1967 United Nations Day — 24 October — commemorative ceremonies in Cyprus with a dinner held at the Hilton Hotel during which Mr. B.F. Osorio-Tafall, Special Representative in Cyprus of the Secretary-General, was the guest speaker (see photo above). In his remarks, Mr. Osorio-Tafall stressed that "important as the work of the Organization is in making and keeping of peace", no less important — in fact, "vitally important" — are UN activities on the economic and social fronts. In replying, Mr J.T. Hannush (left), Club President, said Lions believe the UN Charter to be "the only true instrument which can bring a lasting peace and build a better world."

## SWISS, GERMAN CONTRIBUTIONS TO UNFICYP COSTS

SWITZERLAND and the Federal Republic of Germany have made further voluntary contributions to the costs of the United Nations Force in Cyprus.

The Federal Council of Switzerland has decided to contribute an additional sum of \$200,000 towards UNFICYP'S expenses:

The Federal Republic of Germany has decided to make a further contribution of \$500,000 to UNFICYP'S costs, bringing the total contribution of the FRofG to these costs to 6.5 million dollars.

## S-G MOURNS ATTLEE'S DEATH

In a message of condolences sent by U Thant, to Earl Attlee on the death of his father, Lord Attlee, the Secretary-General said: "It is with deep regret that I have learned of the death of your distinguished father whom I had the privilege of knowing personally. Lord Attlee's devotion to peace and his support of the United Nations from the time of the first meetings of the General Assembly in London will long be remembered".

## 101 COUNTRIES PLEDGE FINANCIAL AID TO UN DEVELOPMENT PROGRAM

DURING a special Pledging Conference held at UN Headquarters in New York last week, 101 countries promised a total of 182.4 million dollars in contributions to the UN Development Programme for the coming year. This is some 10 million dollars more than the amount pledged for the 1967 activities of the Programme, which provides both large-scale pre-investment aid and smaller-scale technical assistance to a total of 150 countries and territories.

The Pledging Conference was opened by the Secretary-General, U Thant, who stressed that effective common action on behalf of global development called for the closest cooperation between the poorer and the richer nations. He urged that a new annual goal of 350 million dollars — to be achieved step by step by 1970 — be established for the Development Programme.

Mr. Paul Hoffman, Administrator of the Programme, repeated the Secretary-General's appeal, emphasizing that the Programme's achievement far outstripped its size, and that assistance to developing nations

was "an act of enlightened self-interest" rather than charity.

## MAJOR UNITS LEAGUE

In the opening match of the Major Units League on Wednesday 11 October at RAF Nicosia, HQ UNFICYP emerged clear winners against 9th Signal Regt; the score being 6 — 0.

HQ opened their account in the first minute when the home centre forward Davies easily converted from close range.

The game was played at a tremendous pace, highlighted by some devastating runs down the wing by HQ's left winger, Hodges.

9th Signal Regt were never allowed to settle down, being constantly harassed and forced to shoot well outside the box.

## USE OF FORCE IN RHODESIA URGED IN UN COMMITTEE

IN the Committee of the UN General Assembly dealing with Trust and Non-Self-Governing Territories, more than a dozen African and Asian speakers last week called for the use of force to put down the white minority regime of Mr.

Ian Smith in Rhodesia and to secure majority rule in the territory.

Taking issue with Great Britain's contention that mandatory economic sanctions decreed by the Security Council last December were having real impact on Rhodesia's economy, these speakers argued that the Smith regime remained strongly entrenched, with sanctions being made ineffective by South Africa's and Portugal's refusal to go along with them.

Some accused Britain, the United States and other Western countries of helping to subvert sanctions and urged that the Rhodesian people be helped to fight for freedom.

Taking a similar view, the Soviet Union and other East European countries said the Assembly should condemn Great Britain and the United States for helping to keep the racists in power.
