A DAY ON THE SPORTS FIELD

An interest in sport and fitness has been growing since the Swedish Battalion arrived in Cyprus last October to join UNFICYP. The two camps in Famagusta are well equipped with facilities for running, football, volleyball, bad-

mington and tennis. In addition each has a "Muscle Range" where weight-lifting is popular.

The OP's too have weight-lifting and body-building equipment, which gets used energetically each day.

A hard days work at the "Muscle Range".

Concentration, and tension above the Volleyball net.

A last lift.

Det är egentligen inte att undra över att intresset för idrott har ökat sedan vi kom till Cypern i oktober förra året. Den omfattande träningen har gett riklig utdelning i tävlingsammanhang oavsett om det gällt Force Marsch, slalom eller som nu senast UNFICYP-mästerskapen i fotboll. Och goda tävlingsresultat ger som bekant utslag på intresset.

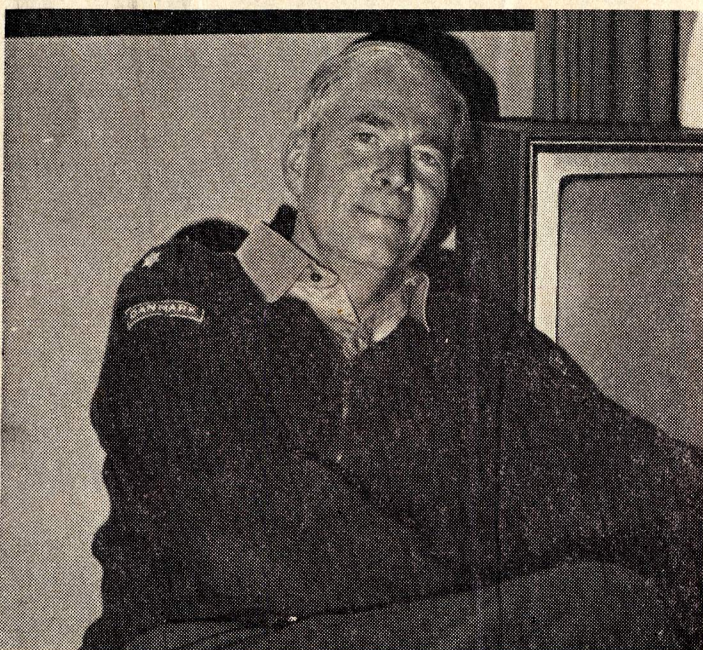

SWEDISH SUMMARY

Dessutom har en rad OP utrustats med ny idrottsmateriel. Flera har fått ny utrustning för tyngdlyftning andra har tillverkat själv. Huvudaken är att grejerna används och på den punkten kan man alltså inte klaga.

Så när den klart överviktiga bataljon 59 C åker hem i nästa månad så är det förhoppningsvis också några kilo extra muskler med vid invägningen.

BRITISH CONTINGENT HOLDS MEDAL PARADE

The British Contingent Medal Parade was a very special occasion for Major J.R. Herbert and Sergeant M. Hickson, both of the Force Transport Squadron.

The parade took place on Friday, 5th March in the presence of General Sir Peter Hunt, GCB, DSO, OBE, ADC General, Major General C W B Purdon, CBE, MC, GOC NEARELF and many other distinguished guests.

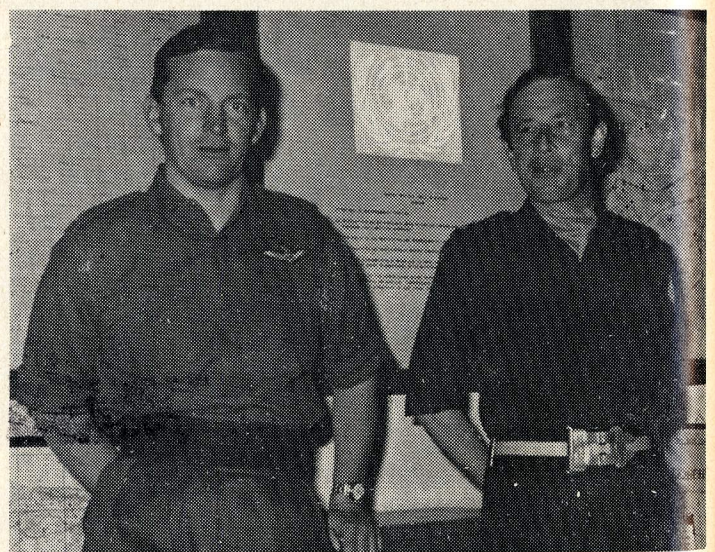

Officers and men from all the units in the British Contingent took part in the parade under the command of Lieutenant Colonel P R G Williams Welsh Guards, during which the Force Commander, Lieutenant General D Prem Chand, PVSM presented United Nations medals to a representative detachment.

General Prem Chand went on to present the Long Service and Good Conduct medal to Sergeant Hickson. This has been awarded to him in recognition of his twenty two years in the British Army. He then presented Major Herbert with the Commander-in-Chief's Commendation for distinguished services, which was awarded to him by the Commander-in-Chief of the British Forces Near East in recognition of his outstanding services during the operations in Cyprus in 1974.

LIFE GUARDS BACK AGAIN

Captain Vickery and Lieutenant Garbutt, C Squadron 14/20 King's Hussars, briefing Captain Musgrave and Lieutenant Hunter of the Life Guards.

THE LIFE GUARDS COME BACK TO UNFICYP

The Force Reserve Squadron for the next six months will be 'A' Squadron The Life Guards. They arrived here last week to take over from 'C' Squadron 14th/20th Kings' Hussars, a repeat of the changeover that took place in 1964 when 'C' Squadron, then based in Libya, was relieved by 'A' Squadron.

The whole Regiment of the Life Guards was in Cyprus in 1964 when UNFICYP was formed. Some of the officers and men at present serving in the Squadron were in Cyprus at that time.

'A' Squadron has come to UNFICYP from Windsor, where it was a part of the 3 Division Armoured Reconnaissance Regiment.

'C' Squadron leave Cyprus having beaten the other British units in the Force in most of the UNFICYP and British Contingent sporting competitions. They have gone to rejoin their Regiment in Germany, and take some well earned leave.

The new and old Squadron Leaders, Major J. Bodell and Major P. Harman photographed during their handover.

Recent visitors to the MPIO's Office were Major J. Tedder, Grenadier Guards, the Staff Captain A in HQ BRITCON, and his relief Major P. Bradley DERR who are seen talking to Miss Diana Down.

Auf nebenstehendem Bild sehen Sie die vier Oldtimer des UNAB, v.l. nach r. StWm MUELLER, Zgf KURZ, Ostv GRABEIBAUER und Wm SARRIA. Absolute Spitzenreiter, was die Dauer der Zugehoerigkeit zum UNAB seit dessen Aufstellung im Moerz 1972 anbelangt, sind StWm MUELLER und Wm SARRIA. Beide sind bereits zum dritten Mal auf der Insel und haben in insgesamtje 2 1/2 Jahren ein betraechtliches Stueck der vier-jaehrigen UNAB-Geschichte miterlebt und vielleicht auch mitgeschrieben. Wm SARRIA's ganzer Stolz sind jene paar Tage, die er StWm MUELLER an Gesamtdienstzeit voraus hat. Gegen diese zwei Oldtimer nehmen sich die in der Mitte postierten Ostv GRABEIBAUER und Zgf KURZ mit ihrer vierzehn-monatigen Dienstzeit wie Newcomer aus. Doch die Symbolik des Bildes allein bewist schon, dass sie — wie auch die beiden Zgf WALOSZEK und SAKOPARNIK, die wir aus dienstlichen Gruenden leider nicht auf dieses Foto bannen konnten — als vollwertige und gleichberechtigte Mitglieder in den Kreis der Zypem — Veteranen aufgenommen worden sind.

CHILDRENS PARTY

Some of the children pose with the Drummers.

An important part of Sector 4's responsibilities is in the economic and humanitarian fields. To this end our Ops E Section recently held parties in both Kyrenia and Nicosia for Turkish and Greek Cypriot retarded children.

72 children and 12 staff members from the Evangelismos Home for Retarded children in Nicosia attended the party at the Ledra Palace, which featured a concert by the 3PPCLI Corps of Drums, a feast of cake, cookies and ice-cream and rides in APC's and jeeps. A half dozen or so children attended a similar party a few days later on the Kyrenia water-front.

The Director of the Evangelismos Home, Mr. Neophito, said that such activities are not only great fun for the children but also help with their speech therapy, as it gives them something unusual to stimulate new thought and speech.

All in all, it was a very rewarding experience both from the point of view of the children, and that of the soldiers who helped out.

Two of the children seen in an APC above, while below one little girl enjoyed her cake.

REGIMENTAL DAY

Each year, March 17th is celebrated as the Regimental Day. Princess Patricia's Canadian Infantry. This date commemorates the birthday of our original Colonel-in-Chief, Prince Patricia of Connaught. The Regimental Day is traditionally celebrated with sports and games during the day, and evening. This year, unfortunately March 17th was also the chosen for the first of the held as provided for at the round of talks in Vienna, which CANCON has the responsibility of providing both accommodation and security. Therefore the sports aspects of the were postponed until Saturday March 20th.

However, although the date changed, the spirit and tradition behind the Regimental Day did not. Inter-Company water-polo (in the newly re-ed Ledra Palace pool) was played by all as well as the national game of BROOM-I-Broom-i-loo, which was played on both an inter-company and inter-mess basis, is a game due to the Patricia's. Played on a "specially prepared" field of and other assorted "goodies", team tries to hit a volleyball through the opponents goal brooms, feet, arms, etc, etc. virtually no rules and an "anything goes" attitude, it is frequently a very rough game but lots of fun!!!

Pte Fred Olsen watching members of the Press.

CANCON NEWS

Part of Sector 4's operational task is to provide security for the meeting held in the Ledra Palace Hotel, as provided for at the Fifth Round of the Cyprus Talks. With these talks now occurring on the average of once a week, 3PPCLI has been pretty busy.

PRENIKAT RINTAAN

Force Commander presenting a medal accompanied by CO FINCON Lt Col Olli Lopmeri and ADC Capt Jyrki Ratia.

★ Vain 22 mitalinsaajaa sai rintaansa koristeet tunnustuksena nuhteettomasta kolmen kuukauden palveluksesta. Miehiä ei ollut monta, mutta paraati pidettiin ja Force Commander ripusti prenikat rintaan. Merkkimiesten lisäksi tilaisuudessa olivat mukana heidän suoranaiset esimiehensä sekä kapt T Revon johtama lippujoukkue.

Tuulisessa säässä ei tarvinnut kauan seistä, sillä hetimiten päästiin käsiksi asiaan. Uusien siviilivaikojen mitalinauhojen loistessa miesten rintapielissä Force Commander piti puheen, jossa hän korosti jokaisen YK-miehen velvollisuutta ja vastuuta rauhan tilan jo tasapainon säilyttämisessä. Kenrli Prem Chand toi julki tyytyväisyytensä sen johdosta, että saajien joukossa oli kaikkien alojen edustajia, oli vartiopääkäreitä, viestimiehiä, huoltomiehiä sekä esikunnan väkeä.

Hän korosti puheessaan alueemme vastuullisuutta. Huostasamme on Ketsupin lisäksi monia Camppeja, huoltoyksiköitä sekä kansainvälinen lentokenttä kallisarvoisine koneineen ja laitteineen.

Ohimarsia ei joukkojen pienouden takia suoritettu, vaan maj P. Huhtasen komentamat joukot poistuivat ryhdikkäästi takaoikealle ja mitalimiehet jatkoivat sieltä matkaansa Corneriin lounaalle.

ENGLISH SUMMARY

A mini medal parade took place on 19th March with 22 soldiers receiving medals and the flag platoon on parade. On the left Lt Gen Prem Chand is seen presenting a medal.

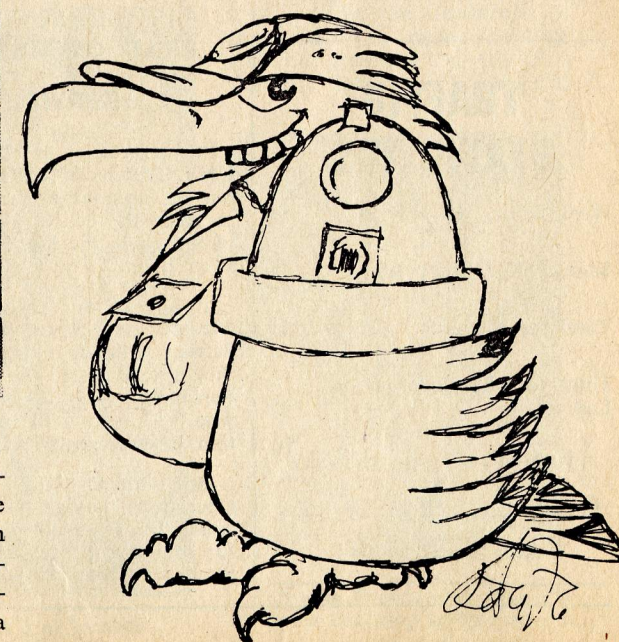

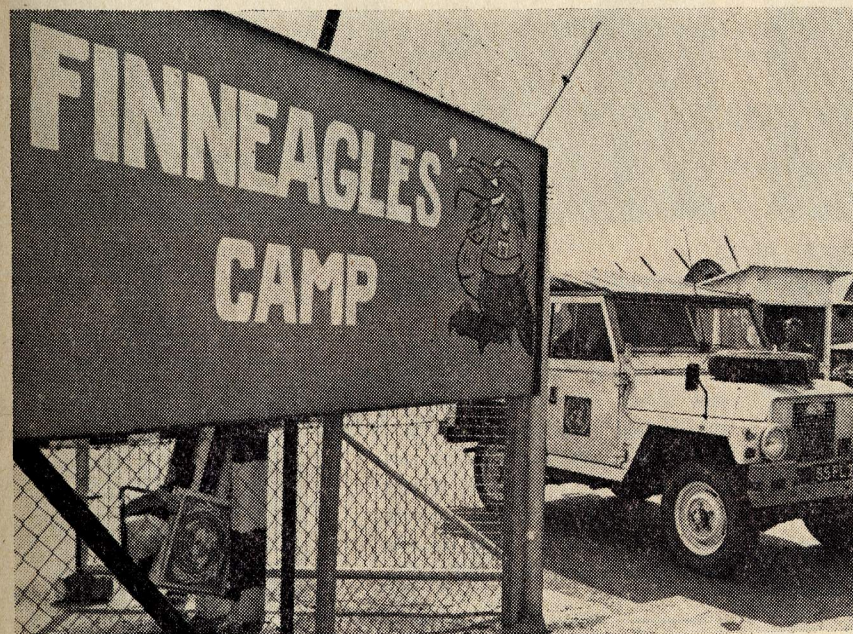

In his speech the Force Commander emphasized the duty and the responsibility of every UN soldier to help preserve peace. He also thanked all those receiving medals for their excellent service to UNFICYP.

When a part of FINCON moved to Gleneagles Camp two months ago and its name was changed to FINEAGLES Camp, Pte Seppo Yrjölä gave the idea shape by painting a humorous figure of an eagle. The "Fineagle painting" is located on the sign board at the gate of the Camp. The design is also used on all the vehicles in the Camp, it is seen on the Private's Mess Sign and also on the shirts of SrLt Tapeninen's platoon. Now it is planned that it will decorate the shirts of the Fincon hockey team as well.

The painting can not help but make you smile. The dress is not according to our orders and the cap is too big. But you recognise him being a FINCON soldier from his well-fed stomach, happy face and from the twinkle in his eyes.

FINNEAGLE VIIHTYY JA LEVIÄÄ

... Finneagle tuntuu sopeutuneen erinomaisesti Kyproksen ilmastoon, sillä se on lisääntynyt ilmiömäisen nopeasti. Ensimmäinen Finneagle nähtiin pari kuukautta sitten SUPASETin sivuilla ja Tapenisen joukkueen padoissa. Nyt se on asettunut Finneagles' Campin portin pieleen, se koristaa kaikkia I. JK:n Finneaglesissa majoilevia autoja. Suomalaiskotka seisoskelee Haukkabaarin kyltissä oluttuoppi siivessä osoitellen toisella lentimellään messin nimeä. Pian kotka näkyy myös salamavauhtia mainetta saavuttaneen hockeyjoukkueemme padoissa.

Finneaglesin isä, jääk Reijo Yrjölä, ajelee työkseen ykkösen autoja ja piirtelee ihan supana. Hänellä ei ole vapaa-ajan ongelmia, sillä SUPASET vaatii oman aikansa ja harva se päivä saapuu asiakas kysymään, sopsisiko tallaisen idean toteuttaminen.

Hiven leikkimielistä vaaditaan Finneaglesin katselijalta. Pukeutuminen ei ole aivan määräysten mukainen ja lakkikin on hieman liian syvällä. Aidoksi finconilaiseksi sen kuitenkin tunnistaa hyvinvoivan näköisestä vatsasta, iloisesta ilmeestä ja pilkkeestä silmäkulmassa.

SWEDCON WINS BY LAST PENALTY

SPORTS NEWS

The UNFICYP annual Inter-contingent Football competition was held at Nicosia last week, and resulted in the kind of finish that few people have ever seen before.

The final game for the trophy was between the Swedish and Danish teams. It was a really exciting game that looked as though it would finish at the end of the second half with a 2:1 win for the Swedish team, when in the last seconds the Danes scored the equalising goal.

The game continued through two further periods of extra-time without addition to the score. Each side then had to take six penalties alternately. When five kicks each had been taken, the score was five all; then the Swedish team scored its sixth goal, and everything rested on the last Danish kick which the Swedish goal-keeper managed to save. The score in penalties was 6:5 to the team from Sector Six, who were presented with their trophies by the Force Commander.
